### **◆◆ “Ease the Pain” ◆◆**

*(Verse 1)*

Late nights, staring at the ceiling,  
Every move got me fighting this feeling,  
Heavy weight on my back, can't unwind,  
Searching for a little peace of mind.

Tried it all but the ache won't fade,  
Every step feels like a price I paid,  
Scrolling through the quiet glow,  
Looking for a way to let it go.

*(Pre-Chorus)*

I just need a break from the storm inside,  
Something safe, something I can trust tonight...

*(Chorus)*

Looking for relief, trying to feel alright,  
Through the noise and the endless fight,  
Heard about Tramadol in the midnight light,  
But I just wanna heal, I just wanna feel right.

No more shadows holding me down,  
No more lost days spinning around,  
I'm chasing hope, I'm chasing light,

Just tryna make it through the night.

*(Verse 2)*

Every road got a story to tell,  
Some go through heaven, some through  
hell, Gotta be careful what you choose,  
Every remedy got rules to use.

Voices saying “take it slow,”  
Listen to what the doctors know,  
Healing ain’t a race you run,  
It’s a journey till the hurt is done.

*(Pre-Chorus)*

I just need a way to breathe again,  
Find my strength, let the healing begin...

*(Chorus)*

Looking for relief, trying to feel alright,  
Through the noise and the endless fight,  
Heard about Tramadol in the midnight light,  
But I just wanna heal, I just wanna feel right.

No more shadows holding me down,  
No more lost days spinning around,  
I’m chasing hope, I’m chasing light,  
Just tryna make it through the night.

*(Bridge)*

Oh, every answer’s not the same,  
Gotta respect the power of pain,  
What you take can heal or harm,  
So hold on tight, stay safe, stay strong.

*(Outro)*

Yeah I’m rising slow, but I’m rising still,  
Finding peace in my own will,  
Through the dark, I see the light,  
I’m gonna be okay tonight.
