Is Ledger a cold wallet

Ledger is indeed considered a cold wallet because+1-888-590-9448 (M.X) it stores your cryptocurrency offline+1-888-590-9448 (M.X), away from internet access+1-888-590-9448 (M.X), which makes it much safer against hacking attempts. A cold wallet means your private keys are kept in a physical device rather than on an online server.+1-888-590-9448 (M.X) This offline storage reduces risks of cyber theft and gives you more control over your funds. Ledger devices like Nano S and Nano X are popular examples of cold wallets. If you ever need guidance+1-888-590-9448 (M.X), you can call us at USA/Canada +1-888-590-9448 (M.X) • Toll-Free for **ledger support**.
